

Razin Ahmed Sami

Full Stack Developer

@prassamin@gmail.com <https://pras.me>

Noakhali, Bangladesh <https://github.com/PRASSamin>

OBJECTIVE

Motivated and skilled Computer Technology graduate with solid experience in web development, particularly in React.js, Next.js, and Django. Seeking an entry-level or junior position to apply my growing expertise in web technologies and further my knowledge in machine learning. Recently completed a diploma in engineering with a focus on Computer Technology at Noakhali Ideal Polytechnic Institute. Eager to contribute to impactful projects while developing my skills in a professional environment.

<https://rebrand.ly/pras-video-downloader>

Technology: **NodeJS, TypeScript, JavaScript**

- PRAS Video Downloader is a simple and efficient tool for downloading videos from Youtube and Instagram.

TECHNICAL SKILLS

Language : JavaScript, Python,

SQL

Frameworks: React JS, Next JS, Node JS, Flask, Django, Tailwind, Bootstrap

Developer Tools: Git, Redis, RESTful APIs

Databases: PostgreSQL, SQLite

PASSIONS

Exploring New Technologies

Enthusiastic about exploring and mastering emerging programming languages, frameworks, and technologies to stay ahead in the ever-evolving tech landscape.

STRENGTHS

Problem Solving

Proficient in breaking down complex software problems into manageable tasks and creating efficient solutions

Development

Experienced in different stages of development lifecycle, leading to streamlined processes.

Experience

Intern Python Developer
